Call for Papers

18th Working Conference on
Information Security Management
Las Vegas, USA
29 April-1 May 2019

Organised by IFIP TC-11 Working Group 11.1
Hosted in partnership with the 18th Annual Security Conference

GENERAL INFORMATION

With the security of information an increasingly significant concern of many organizations, information security management continues to be a real concern for many individuals and organisations. Advanced safeguards are required to protect the information assets of not only large but also small and distributed enterprises. Effective approaches to information security management, such as policies and certifications, are required, and must be supported by a range of technical and human-centric measures.

The 18th Working Conference on Information Security Management, organized by IFIP TC-11 Working Group 11.1 (Information Security Management) and co-hosted with the 18th Annual Security Conference, invites you to contribute to the next Working Conference by submitting a paper for presentation or proposals for panel discussions and tutorials. Contributions can either be of a practical, industry-focused nature or reports on academic activities.

Topics of interest include, but are not limited to, the following:

- Developing and implementing effective information security policies
- Establishing and maintaining security culture
- Security governance and compliance
- Strategies for managing security in SME environments
- Methodologies and techniques for certification and accreditation
- Standards for information security management
- Managing technology and people
- Organizing and assigning responsibility for security
- Outsourcing information security
- Risk assessment
- Measurement of security
- Requirements for awareness, training and education
- Evaluation of information security in companies
- Information security surveys and case studies

INSTRUCTIONS TO AUTHORS

Authors are required to submit original work, not previously published, on any of the above or other related topics. Each paper must not exceed 5,000 words; must be written and presented in English; and, must be formatted in accordance with the author guidelines (see https://www.cscan.org/ifip/#wcism2019). All papers submitted will be double-blind refereed by at least two reviewers.

Acceptance of a paper means an obligation for at least one of the authors to attend the conference and present the paper. All papers presented will be included in the conference proceedings.

Submissions types:

- Completed Papers: These submissions, if accepted, will be included in a published conference proceedings/book.
- Tutorials: These submissions will be reviewed only for presentation at the conference. Tutorials will not be included in the proceedings.

Submission site:

All submissions must be uploaded via the EasyChair website (also linked from the WG website):
https://easychair.org/conferences/?conf=wcism2019
IMPORTANT DATES

Paper submission deadline: January 15, 2019
Notification to author(s): February 19, 2019
Camera-ready paper deadline: March 15, 2019
